Flexible Spending Accounts

Changes to your Flexible Spending Accounts (FSA) will occur in the year 2013. The new health care reforms will limit your contribution to \$2,500 per year. Since \$2,500 doesn't go very far these days, make sure you think about pending dental work over the next 2 years while your contributions are still unlimited.

Tons?

300 metric tons of mercury is used annually in dental fillings worldwide. The World Health Organization is promoting the phasing out of its use. We haven't used mercury fillings (silver) in our practice for over 7 years.

Refills

We had a great response to our May Whitening special. Don't forget, if you have run out of whitening material, touch-up kits are available in our office for \$40.00. Keep those smiles bright!

Meet the Team!

This month please meet Sandi! (That's me) I am the office manager and have worked here for 21 years. I've been married for 33 years and I enjoy reading, scrapbooking and walking.

Please hit reply...

We'd love to hear your feedback on the newsletter – please take a moment to hit reply and let us know what you think! Any suggestions?

Words to live by...

Live with intention. Walk to the edge. Listen hard. Practice wellness. Play with abandon. Laugh. Choose with no regret. Appreciate your friends. Continue to learn. Do what you love. Live as if this is all there is.

Fun Fact

Close to 3 million miles of dental floss is purchased in the United States every year.
